Plumbing

Leaky pipe? Sink or tub not draining? I can arrive at an agreed upon time and fix it to the best of my abilities.

Crochet S...

I have some cardigans on hand in sizes medium and large, but can make one from scratch in preferred sizing and colors. We can work out how we would

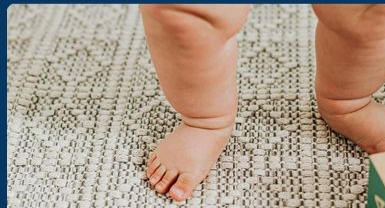

Alteratio...

Bring me your pants that need hemmed or that dress you ripped and I'll fix it for you!

Photogra...

I'm an amateur photographer, I love the work and am willing to travel up to 30 miles to do an outdoor shoot! I do not have a studio, so the location will be up

PLAN FOR NEXT TWO WEEKS

- Add an edit profile screen that is connected to the database
- Create message screen and work on the PHP for real time messaging
- Add creation time and location to listings
- Continue working on the php functions code
- Keeping meeting minutes current and continue the meeting schedule
- General polishing of UI

PROBLEMS

- So far
 - Getting PHP to work and learning the language
 - Connecting frontend to backend
- Going forward
 - Continuing to learn PHP and integrate it into what we already had
 - Update our current code in the GitHub
